IRISH HOME RULE BILL IS PASSED

British House of Commons Adopt Measure 348 to 94

LESSER OF TWO EVILS

Sir Edward Carson Says Murders and Assaults Work of Men From America.

London, April 1.—The Irish Home Rule bill has passed.

Following brief, but bitter debate, in which Lloyd George stirred Irish Nationalists to wild fury by shafts of sarcasm, the house of commons passed the measure, 348 to 94.

Practically all the Irishmen voting for the bill declared they were against it, but accepted its terms rather than the alternative of reverting, automatically, to ex-Premier Asquith's bill of 1914.

Sir Edward Carson, idol of Ulster and six years ago center of opposition to a Home Rule fight, which for a time threatened to make Ireland a field of blood, was one of those who voted for the new Home Rule bill "under protest," because he considered it "the lesser of two evils."

Carson declared the scores of murders and assaults which have recently made Ireland a terror home to be the work of "men from America."

He also declared that he himself was a marked man; that word had gone forth that he was to be murdered, and that his murder, too, would be committed by men from the United States.

"I have been informed by Scotland Yard," he said, "that six men have left America to assassinate me."

Standing grim and erect, the Ulster leader made his charges slowly

KNOX SERIOUSLY ILL

Senator Under Care of Two Specialists and Nurses

Washington, April 1.—Senator Philander C. Knox, of Pennsylvania, is under the care of two specialists, at his home, 1527 K street, for a severe attack of laryngitis. His condition is said to be serious.

Although it has been known for several weeks that Senator Knox was confined to his home, the grave nature of his illness did not become known until members of the House Foreign Affairs Committee sought to confer with him yesterday on the text of the proposed resolution to reestablish peace with Germany. When the committeemen called at the Senator's residence they were told he was too ill to see them.

Senator Knox was seized with a particularly severe cold early last month and spent several days at home while the treaty reservations were being debated in the Senate. On the day set for the final vote, March 19, he was reported as being too ill to attend.

Senator Knox surprised his associates by entering the Senate and announcing that he had determined his vote should be cast on the final roll call.

He paid for his stoicism by suffering a relapse of the laryngitis attack which has kept him confined to his bed ever since.

NEGRO GIVEN 20 YEARS

Gets Maximum Penalty for Attempted Assault on War Worker

Rockville, Md., April 1.—Twenty years in the Maryland penitentiary for attempting criminal assault on Miss Mary Saunders, a Washington war worker, July 5, last, was the sentence handed down in the Montgomery County Court last night for Forest Taglin, 19 year old Washington negro after the verdict had been read.

Twenty years is the maximum penalty.

An attempt of the negro to show he spent the day of the crime in Washington was beaten down by the prosecution witnesses, who related having seen him at the Chevy Chase and Kirkside golf links.

PLANS FOR PLAY

An interesting meeting was held last night at Community Center to arrange for talent for the American Legion play to be staged April 22 and 23. The attendance was large and the plans of the committee outlined.

RENEWAL OF DRIVE

French Government Formally Refuses to Permit Teutons To Send Soldiers Into Neutral Zone.

Buderich, Rhenish Prussia, April 1.—The Reichwhr troops have advanced eastward and southward and have occupied Huexe, Haltern and Achmen. The Spartacans lost three guns in the fighting.

Berlin, April 1.—Fighting was in progress Tuesday evening between the Reds and Government troops near Dinslaken, southeast of Wesel, the former continually receiving reinforcements.

Three fully-equipped batteries of heavy artillery have been installed at Dortmund by the Reds while a transport train with machine guns has gone to Iserlohn, southeast of Dortmund. The Reds are also forming new companies of sailors.

A Plauen dispatch says the Red Executive Council there has issued a proclamation declaring that if the general strike is not sufficient to prevent the entry of troops into the industrial district, machinery in the factories, public buildings and houses belonging to the proper[illegible] owning belonging to the proper[illegible] owning classes will be destroyed.

A declaration issued by the Government yesterday says that the population of the industrial district has been given more than 48 hours in which to restore orderly conditions before occupation of the region by the military, which will be carried out with participation of representatives of the civil administration.

Retail Clerks

Twelve New Members Added—Prospects Encouraging

Twelve new members were added to the roll of the local branch of the Retail Clerks Union, at a meeting held this week and prospects for a further big addition to the number of members is bright. The union is growing rapidly and optimistic members state that within a short time, it will embrace practically every clerk now at work in the city.

A called meeting of the Alexandria Local will be held at 524 Queen street, at 7:30 o'clock next Tuesday evening at which time important business will be up for discussion. It is also expected that about 30 new candidates will preseut themselves for initiation at that time. All members are urged to be present.

INDORSE PROTEST OF COMMUTERS

Citizens' Association Wants New Census Taken

BUS LINE STARTS MAY 1

Will Operate Twelve Busses Between Here and Washington—Illustrated Leture by Maj. E. W. R. Ewing

The proposed increase in fare on the twenty-five trip commutation ticket over the Washington-Virginia Railway was discussed last night at a meeting of the Alexandria Citizens' Association.

Ashby Bladen, a member of the executive committee of the Commuters' Association, stated that application had been made to the Interstate Commerce Commission to have a hearing on the proposed increase which it is contemplated to put into operation April 16. The new rate would increase the price of the twenty-five trip commutation ticket from $2.70 to $4.

The presentation of the protest will it is stated, grant the commuters a stay of 120 days before it goes into operation in order that they may be heard.

D. R. Stansbury, president of the Commuters Association, told of the work done thus far by the Commuters Association to prevent the increase. Should the railway company secure the increase he said he believed that later they would ask for another increase on the monthly books. The association indorsed the action of the executive committee of the Commuters' Association.

F. Clinton Knight, president of the association, asked what action had been taken to enforce the company to remove the switch on King between Columbus and St. Asaph streets, ordered out by city council.

Another matter discussed was the census. The opinion prevailed that another census should be taken. It was stated that the work was done in Richmond by the police and showed that the enumerators had missed thousands of persons. The matter was left in the hands of the executive committee.

On behalf of the Rapid Transit Company, which concern will operate a motor bus line between this city and Washington and also to Camp Humphreys, Leonard Sheads appeared on King and Royal streets and another will be Washington and Franklin behalf of this company and told the members the company expects to start operations with twelve motor busses May 1. One starting point will be King and Royal streets and other will be be Washington and Franklin street. They will stop at 13th and C streets Washington.

Ashby Bladen brought up the question of the removal of ashes and stated he had suggested to the city engineer that the purchase of a motor truck which he thought would do the work of five carts.

A street committee was named by President Knight composed of the following: F. T. Quinn, chairman; Richard Philpot, P. A. Kersey, L. P. Woodward, W. J. McCaffrey, F. M.

100,000 MEN LOCKED OUT

When These Idler Turned up Yesterday Soldiers Prevented Them From Entering Shops

Rome, April 1.—A lockout was put into force today against nearly 100,000 men in Rome industries who for several days past have been going to the shops and remaining there eight hours, but performing no work.

When they went to the shops yesterday morning they found them occupied by soldiers and were unable to gain admittance. The employers decided that they would no longer permit their men to enter the factories unless they were willing to work.

DECLARES WAR IS AT AN END

Republicans of House Submit Joint Resolution

WAR POWER REPEALED

Provision Makes it a Crime to Violate Any Provisions of the Measure.

Republican leaders of the House yesterday submitted to the lower branch of Congress their joint congressional resolution declaring the war between the United States and Germany at an end.

Representative Stephen G. Porter, of Pennsylvania, chairman of the foreign affairs committee, introduced the resolution after an all day conference of Republican leaders of both the Senate and House.

Briefly summarized the resolution includes:

A declaration that the war is at an end.

The repeal of the President's war powers on or after the date of final approval of the resolution in accordance with the terms of the various acts.

A stipulation that a commercial embargo will be declared against Germany unless within 45 days that government declares the war with the United States at an end and renounces al claims against the United States that it would not have had if the Senate had ratified the treaty.

A provision making it a crime to violate any provisions of the resolution.

A declaration that the United States reserves all advantages it received under the armistice.

The resolution will be considered by the entire membership of the foreign affairs committee today, and unless Democrats can place some unforseen obstacle in its way it must be favorably reported by the committee. The resolution then goes to the rules committee, which is expected to have a rule ready by Monday making the measure in order then.

MESSAGE FROM MARS?

Thinks Strange Wireless Calls Will Lead to Communication

Paris, April 1.—Belief that the strange signals picked up by wireless stations recently come from Mars is expressed by Camille Flammarion, the famous astronomer. He thinks interstellar communication may yet become a realized fact, but he is inclined to believe it will be accomplished by the use of some magnetic force which is not as yet developed.

"Since the signals appear to be regular," he said, "it is improbable they come from the sun, although out great luminary is displaying prodigious activity. It is possible, however, the present chaotic conditions on earth may be traced to solar storms, which may have a reactive effect on the earth and the minds of men."

WHAT TO PLANT

Hints Concerning Home Gardens in Our Cities and Towns

What crops to plant in the home garden will depend upon the size of the garden, the size of the family and the size of the family's appetite. Where the garden space is extremely limited only those crops that will produce a considerable quantity of food on a small area should be included.

As a rule home gardners, especially the beginners, devote too much space to lettuce and radishes and too little to beets, carrots, beans, onions and tomatoes, according to United States Department of Agriculture specialists. Where the family is small it is easy to overplant most of the garden crops. The surplus of certain vegetables can be saved by canning and drying, others like lettuce and radishes are a loss unless some kind neighbor will use them.

Children eat almost as many fresh vegetables as grown-ups, and should be counted as "full hands" in estimating the amount of space to devote to any vegetable. The size of the family appetite is liable to expand considerably when the vegetables are brought fresh from the garden, and it is always safe to have a plenty of the more staple vegetables. Corn and Irish potatoes occupy too much space for planting in the very small garden. Tomatoes should find a place in every garden, as should spinach, and other kinds of greens.

NEW PLANET IS REPORTED

Harvard Hears of Discovery By Barcelona Astronomer

Cambridge, Mass., April 1.—The discovery of a planet by Astronomer Sola, of Barcelona, was announced at the Harvard College Observatory yesterday in a cablegram from Professor Lecointe, of Uccle, Belgium, transmitted through Prof. Stromberg, of Copenhagen. An observation taken at 11.55 Greenwich mean time, March 21, gave its position as right ascension 12h, 25m, 12s, declination plus 15 degrees. Its daily motion was: Right ascension minus one minute, declination plus one minute.

A subsequent cablegram from Professor Lecointe indicated that some doubt had been felt at first as to whether the planet was a new one to astronomers or whether it was not, in fact, No. 99, one of the long list of small planets previously mapped. Prof. Lecointe's massage, although not entirely clear, was taken here as intimating his belief that the Sola discovery is new.

CHILDREN STARVING

Only Small Percentage in Vienna Sufficiently Nourished

Washington, April 1.—Ninety-seven thousand children are dying of starvation in Vienna, according to report received at Red Cross headquarters from Lieut.-Col. Samuel Maffat.

Of 187,000 school children from 6 to 14 years of age in Vienna only 7,000 were found to be sufficiently nourished and more than half of the remainder were badly undernourished and diseased.

The Red Cross has sent 93 car load of food and clothing to Vienna.

ALL-FOOL'S DAY.

April 1st (All-Fool's Day) has virtually passed with but few victims of practical jokes. We have not discerned on side-walks high hats enclosing bricks, inviting a kick which were common at one time, nor are we aware that any attempts have been made to "sell" the unsuspecting. In accordance with an annual custom, an imitation bank book with illusionary "greenbacks" protruding was placed upon the floor of one of our public offices this morning, but no one stooped to pick it up.

While the 21st ultimo, according to the almanac, marked the close of winter and the advent of spring April 1st is generally recognized as the beginning of the vernal season. Grass is again showing signs of life and shad and herring are gradually appearing in the Potomac.

While occasional cold waves of brief duration will doubtless spread over this section, the flarebacks of winter, it can be assumed that the winter of 1919-1920 is now a thing of the past.

The weather had been trying from the advent of the new year, and disorders, the result of the rigorous weather, have been widespread hereabouts. "Flu," grip and catarrhal affections have been common, and the city physicians have been kept busy during the past three months.

The mellow sunshine, however, will soon produce more satisfactory conditions—

When dasies pied, and violets blue,
And lady-smocks all silver white,
And cuckoo-buds of yellow hue,
Do paint the meadows with delight.

THE NEW CENSUS

(Communicated)

Editor Gazette:

In your editorial of the 29th instant, you state among others, Alexandrians were greatly disappointed when according to the census figures it was stated that the population of our city had not increased three thousand in ten years. It had for some time been supposed that it had been almost doubled during the past two or three years, and there was reason for this impression from the fact that several thousand new citizens, many with their wives and children had come to live with us during that time.

Yes, there did come to this city several thousand ne wcitizens, many with their wives and children, but human beings are not like turtles that carry their houses with them. When they came here they found they could not get houses to live in and had to go away again. Just to mention one of many cases that was brought to my attention during my visits as a enumerator, I found a very refined New England family. They came here from Massachusetts, consisting of man and wife and two children, father in law and mother in law, living in a nold house, formerly occupied by colored people. They were very much embarassed when I called, excused themselves for the condition in which they were living, not being used to living like this, but it was the best quarters they have been enabled to secure so far. The husband had a very lucrative position at the Torpedo Plant, and they hated to leave, but unless they soon secured a better house, the ladies said, we certainly are going back home. We did not build a single house for these new comers. A prominent real estate man of this city offered to be one of 50 who would build a house immediately, but he got no response. Alexandria had the opportunity to perhaps double its population but did not improve it.

Mr. Editor, you also state that evidence is accumulating every day to show that some of the enumrators failed to secure records of entire families and certain sections of the city were entirely overlooked. Allow me to say, that I for one of the enumerators, (and I think I can say the same for the rest of them), cunted every person in my district as I had a 3 fold motive in doing so. First of all to do my duty as I was sworn in to do; second, by being a citizen and taxpayer I was, of course, interested in the growth of my dear old Alexandria and wanted her to make as good a showing as possible, and third the more people I got the larger the amount of my pay check would be.

One of the Enumerators.

DENMARK FACES STRIKE

Trades Unions Decide on General Walkout For Next Tuesday

Copenhagen, April 1.—A general strike will go into effect throughout Denmark on Tuesday next following rejection by King Christian and the new Ministry of an offer by the trades unions to compromise the political crisis if the Rigsdag was convened immediately.

The strike was declared by the Trades Union Congress.

During a conversation held with former Minister Stauning, the Socialist leader, King Christian is quoted as saying:

"If you come back with a Socialist majority from the election I will have a Socialist Ministry, and you will see that we will work excellently together."

The water, gas and electric services will alone be excepted in the general strike order. A member of the trade union executive body declared early today that the strike would include all branches of the trades unions and the postal service.

The strike was opposed by the syndicalists, who declared it would be useless to strike merely for the purpose of "reinstating political frauds."

Three thousand workers at Flensburg, in the southern plebiscite zone, over the final disposition of which, following the plebiscite vote in favor of Germany, the differences between the King and the Zahle Ministry arose, sent the Danish trades unions a request not to employ the general strike weapon in a contest over a national question. A deputation of the Flensburg workers left that town today for Copenhagen.

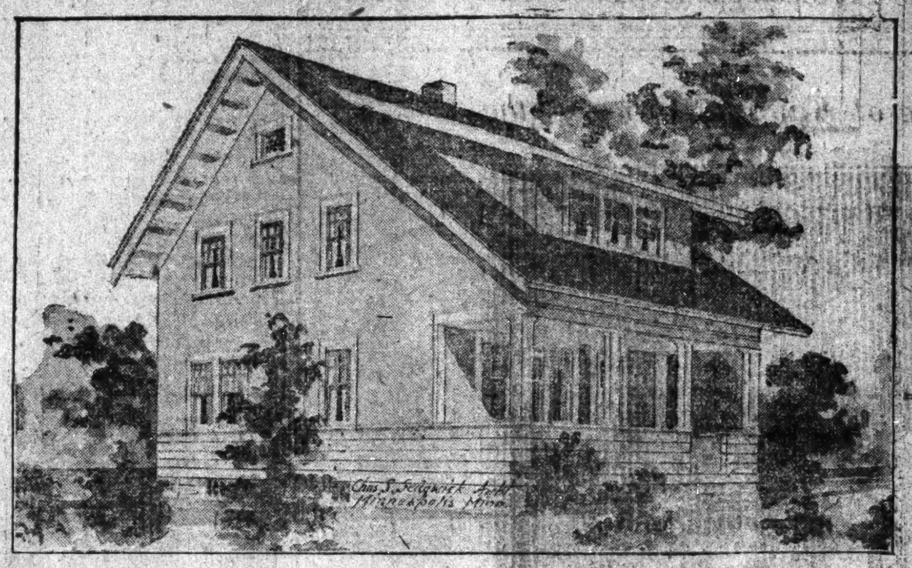
A MODEST SIX ROOM COTTAGE

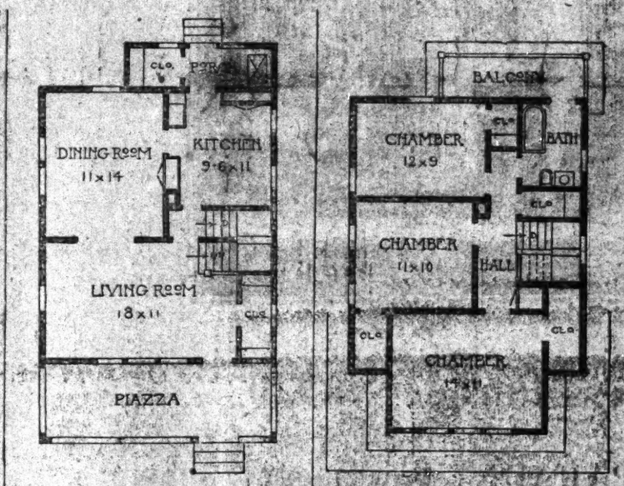
DESIGNED BY CHAS. S. SEDGWICK, ARCHITECT



THIS little cottage is 20 ft. wide and 26 ft. 6 in. deep, exclusive of porches, and will fit well on a narrow lot. It is an economical home for a small family. It is of frame construction with stucco exterior above the first story window sills, below the sills wide drop siding is used to grade line. There is a concrete foundation with full basement. The estimated cost is $4,000 to $5,000, exclusive of heating and plumbing and doubtless in many localities it can be built for much less.

There is a liberal open piazza screened across the front and in the rear an inclosed porch with storage closet and space for refrigerator. The main living room across the front is 18 ft. long and 11 ft. wide. There is a liberal coat closet at the right side. The main stairs extend up ith platforms on the right side between living room and kitchen and the basement stairs with grade entrance below. There is one central chimney for heater in basement and for kitchen and laundry. The finish is oak in the two principal rooms with oak floor and all other finish in rear part and in second story is Washington fir stained. The second story floor is of birch.

There are three good chambers and plenty of good sized clothes



closets. There is space used for storage in attic. Opening out of bath room in rear is a convenient balcony for airing bedding, etc. The outside shingles on roofs are to be stained with creosote and all the outside trimmings, cornices, casings, etc., painted a light cream color or white. The rafters show on the underside and are also painted white.

and with emphasis, while the galleries rocked with excitement.

"There has been a long hue and cry about crime in Ireland," he began. "The assassinations are not the work of my countrymen (Hear! Hear!) but that of men from America (Hear! STOCKYARD STRIKE

Nearly Ten Thousand Men Forced Out of Work by Tie-Up

Chicago, April 1.—Oscar F. Nelson and Carl Spangler, Department of Labor mediators arrived yesterday from Washington to attempt a settlement of the strike of 900 members of the Live-Stock Handlers' Union, which has thrown nearly 10,000 men out of work and brought about a cessation of butchering at the stockyards.

Speakers at a mass-meeting of the strikers yesterday urged the men to remain out until their demands for wage increases of $30 to $45 a month were granted. The men now receive from $90 to $130 a month, union leaders said.

Packing companies yesterday found themselves with scant material to keep their plants in operation, and faced the prospect of closing before Saturday unless the strike ended.

A shortage of fresh meat in the Chicago area brought about a sharp advance in prices.

BEAT PRISONERS TO DEATH

Dover, Del., April 1.—Startling disclosures of alleged brutalities among the attendants of the Newcastle County workhouse (the State penitentiary) were made by former prisoners before the Delaware legislature yesterday morning.

Two prisoners, it is charged, were murdered by deputy wardens, many deaths have occurred owing to brutal beatings by guards and neglect of health of inmates.

BAR SOCIALISTS

N. Y. Legislators Hold Party Members Disloyal and Unfit for Office

Albany, N. Y., April 1.—The five suspended Socialist members of the New York Assembly were declared disloyal and unworthy of their seats, in the majority report of the judiciary committee, filed yesterday.

A minority report, filed by William S. Evans, one of the thirteen members of the committee, asserts that, while the five Socialists have been proven disloyal, the assembly has no constitutional right to prescribe loyalty as a test of eligibility for its members, and urges they be reseated.

MAN AND NEPHEW DIE

Seven-Year-Old Boy Thrown Into River by Auto Plunge Swims Ashore

Franklin, Pa., April 1.—Elmer McClintock, aged 43, a traveling salesman of New Castle, and his nephew, Morris McClintock, aged 16, of Kenderell, Venango county, were instantly killed yesterday when an automobile in which they were riding went over the approach to a bridge and turned over on them.

Harold McClintock, aged 7, brother of Morris, was thrown clear of the car and swam to shore. Morris McClintock was driving and the accident resulted when he attempted to turn out to avoid a bad place in the road. Elmer McClintock leaves a wife and eight children.

VIRGINIA NEWS

The Manassas Journal says Dr. Chester A. Amos, a graduate of the University of Virginia medical school, is making arrangements to locate in Alexandria for the practice of his profession. Dr. Amos received his early education in Manassas, graduating from Manassas High School with the class of 1912. Following his graduation from the university he served as an interne at the University Hospital until entering the army during the war as a lieutenant in the medical corps. Since the war he has been engaged in hospital work at Middletown, New York.

Eight small children trooped out after their father, Grover C. Kenny, when he left his home at Covesville, Albemarle county, yesterday threatening to commit suicide. He started to climb High Top Mountain, carrying six sticks of dynamite. His oldest son, 16, continued to follow. He turned back only after Kenny hurled a large stone at him. The man climbed to the summit of the mountain. Then, in full view of farmers in the valley, he blew himself literally into a thousand pieces. A searching party found portions of his body scattered over an area 200 feet square. Kenny, who was manager of an apple orchard, had been brooding over the recent death of his wife.

Richmond police have discovered that during Tuesday night thieves entered George Washington's headquarters on E. Main St., and robbed the place of many valuable relics. The building is the oldest structure in the city. In addition to it being George Washington's headquarters it also was used by Patrick Henry as a law office.

Judge R. Carter Scott, of Richmond, has been designated by the governor to hold the April term of the Circuit Court for Elizabeth Co., for Judge Clarence W. Robinson. Judge Scott will leave Monday for Hampton, where he will sit in the case of Mrs. Mittie Cumming, charged with the murder of her husband, S. Gordon Cumming. The trial will open Tuesday, Richard Byrd will appear as counsel for the defense.

A tie up of passenger service on the Norfolk and Western Railway promptly at 4 o'clock Friday afternoon was threatened yesterday by members of the Brotherhood of Railway Trainmen, if the company does not by that time "relieve unsafe conditions" which the trainmen claim have arisen on the railroad as a result of the strike of railway clerks, J. B. Smith, general chairman of the brotherhood announced last night.

The Lynchburg Central Labor Council has decided to take a hand in the municipality's primary to be held there next Tuesday to nominate five candidates for the new council city manager form of government. The union has issued an appeal to members to vote for men favorable to organized labor.

Since the decision of the supreme court of appeals in the Alvah Martin case, sustaining the validity of the West fee law several officers who were withholding settlements pending the outcome of the petition for rehearing, have made payment. Auditor Moore estimates that the state will receive about $60,000 from "fee" officers as a result of the decision.

Mrs. Charles Danner committed suicide at her home in the Eastern section of Wythe county late Tuesday afternoon while Mr. Danner was at work out on the farm. No cause can be assigned for the act. Mrs. Danner was from Ohio. She hung herself in the barn. Near the body was a bible.

PRIEST SCORES DRY LAW

Rev. J. A. Mulry Says End Does Not Justify Means Used.

New York, April 1.—National prohibition was attacked yesterday by Rev. Joseph A. Mulry at a noon-day lenten service held in St. Joseph's Catholic Church. Father Mulry, however, made it clear that his criticism of the Eighteenth Amendment was offered in his capacity of private citizen.

"The Eighteenth Amendment," he declared, "will do more for the abolition of America than for the abolition of the saloon. The end which the Government is attempting to reach is not justified by the means adopted. The main idea is that drink is neither good nor evil in itself, but that the partaker makes it either the one or the other by his usage."

Father Mulry declared the amendment an encroachment upon the personal rights of the citizens of the nation. He made it plain he made no plea for the return of the saloon and dives as they existed before the going into effect of prohibition.

Indorse Protest Of Commuters

(Continued from Page One)

Deeton, L. M. Mellin, H. B. Smith.

Maj. E. W. R. Ewing of Ballston, Arlington county, at the conclusion of the business meeting, gave an illustrated lecture entitled "A Tour of the West from Canada to Mexico." The pictures shown by Maj. Swing were greatly enjoyed, and were the best ever shown in Alexandria. They portrayed many beautiful effects in the central and western states and showed the wonderful work being done through the arid western country which has wonderfully developed that section and turned barren wastes into fertile territory by means of supplying water to this territory.

Maj. Ewing supplemented his lecture with a short talk while operator at the Abell of Washington, adjusted the machine. Among other things he advocated reclaiming the swamp lands and arid parts of Virginia and the entire southland and predicted a rich fertile territory, if this were done. Maj. Ewing thought that the state legislature should have taken some action in this matter.

EX-KAISER'S DAUGHTER

Duchess of Brunswick Arrives at Bentinck Castle for Stay With Parents

Amerongen, April 1.—The Duchess of Brunswick, formerly Princess Victoria Louise, of Hohenzollern, accompanied by her husband, the Duke of Brunswick, arrived at Amerongen late yesterday to spend Easter with her father and mother, the former German Emperor and Empress.

Despite the severe restrictions, the automobile in which the Duke and Duchess were traveling was not halted when it drove up to the Bentinck castle, where the visitors were cordially welcomed by the former Emperor and his wife.

M'ADOO NOT CANDIDATE

Declares That His Campaign is Not Financed, Since There is no Campaign

Washington, April 1.—William G. McAdoo, former Secretary of the Treasury, replying yesterday to the questionnaire of "Labor," the railroad brotherhoods' publication, says he is not a candidate for the Democratic nomination for President, and that his 'campaign" is not financed, because there is no campaign for me."

Mr. McAdoo says he is willing to join in an appeal to Congress to immediately enact legislation compelling candidates for the presidency to make sworn returns showing all moneys expended.

"I think," he wrote, "the corrupt use of money to nominate and elect candidates to office is one of the most sinister and serious menaces to Democratic institutions.

WANTS EIGHT-HOUR DAY

Masters and Mates' Association Votes to Strike for Shorter Working Hours

New York, April 1.—A complete lieup of harbor traffic at this port was threatened last night, when the American Association of Masters Mates and Pilots, with a membership of 28,000, voted to strike at 7 o'clock today to enforce demands for an eight-hour day.

While the strike was called only on lighters, tugs and ferryboats, of the Erie Railroad, Captain William A. Maher, vice-president of the union predicted that before tonight the walkout would spread to all other railroad lines.

TO IMPROVE EXPRESS SERVICE

New efforts to improve the standards of the express service throughout the country are contemplated by the American Railway Express Company, which will continue the handling of the business as a single unit, for the time, being at least.

A statement to this effect was made today by Agent Burruss in charge of the local express offices, in urging shippers to be patient and to lend their co-operation in bettering the express service.

"Now that the American Railway Express Company is operating under its own management, said Agent Burruss, "we are gradually returning to normal conditions and are introducing a great many changes in methods which we expect will, within a reasonable time, show results very satisfactory to shippers.

Facts To Know About Aspirin

The "Bayer Cross" Means Genuine Aspirin Prescribed for 18 Years

Aspirin created a sensation when introduced by Bayer over eighteen years ago. Physicians at once proved its wonderful efficiency in the relief of pain. The genuine, world-famous Aspirin, in "Bayer Tablets of Aspirin" is safely taken by millions for Colds, Headache, Rheumatism, Neuralgia, Earache, Toothache, Neuralgia Aching Joints, Neuritis, and Pain generally.

Be sure the "Bayer Cross," which is the mark of true "Bayer Tablets of Aspirin," is on each genuine package and each genuine tablet.

Boxes of 12 tablets cost but a few cents and contain proper directions. Druggists also sell larger "Bayer" packages. Aspirin is the trade mark of Bayer Manufacture of Monoaceticacidester of Salicylicacid.

EXAMINE OUR GRADES WHEN CONSIDERING PRICES:

With prices on Lumber and other Building Materials at their present levels, there are many items in the lower grades which can often be substituted satisfactorily and at a considerable saving.

We have become so much impressed with the possibilities of doing this to advantage that we are exercising the greatest care in buying only from those mills who pay the closest attention to the manufacture and grading of their lower priced stocks.

We ask our customers to examine these grades when buying as we believe they will find some excellent values, and a knowledge of what a carefully selected lower grade really is will often prevent the buying of a so-called higher grade at a little under the market price for the high grade, when it is actually a lower grade and can be bought as such.

NEGRO LYNCHED

White Men Avenge Alleged Attack on Fourteen-Year-Old Kentucky Girl

Paris, Ky., April 1.—Sweeping down unexpectedly upon officers who were taking Grant Smith negro, to the jail at Paris Monday night, a crowd of forty men captured the negro and hurried him in an automobile out the Maysville-Lexington pike to Mays Lick, Fleming County, where he was hanged to a telegraph pole.

Smith, who was 40 years old, disappeared two months ago after alleged attacks on the 14-year-old daughter of a farmer of Flemingsburg, Ky.

He was arrested in Michigan last week and was being taken from the train Monday night to the Paris County jail when the forty unmasked men came from buildings and took the prisoner from Sheriff G. W. Powell, and Chief of Police Link.

A quickly formed posse of county authorities unsuccessfully endeavored to overtake the mob in automobiles. When they arrived at Mays Lick the crowd had disappeared, but the body of the negro was found hanging by the neck at the end of a rope tied to the top of a telegraph pole. It was not mutilated, although threats were made at Paris to burn him. He was still handcuffed.

According to reports reaching here the negro lived fifteen minutes after he was swung up.

MUNICIPAL STRIKE

Garbage Men of Chicago Join City Hall Clerks

Chicago, April 1.—With 1,000 city hall clerks, stenographers and bookkeepers on strike yesterday, the municipal garbage reduction plant closed through the walkout of 400 garbage handlers, and the threat of 90 per cent of firemen to resign unless wage advances were granted, Chicago last night faced a general strike of city employes.

The city hall was picketed by striking clerks and stenographers. The police were called to preserve order after a stenographer who remained on duty was attacked. The sessions of the city council also were guarded by policemen.

Sewer workers, street inspectors, pumping station engineers and the laboratory staff of the health commissioner's office, threatened to strike unless wage advances were granted.

The strike of garbage handlers forced 150 teamsters out of work. Window washers at the city hall also quit yesterday.

Threats that 90 per cent of city firemen would resign if they were refused an increase of $300 a year were contained in a letter from President George B. Hargan, of the firemen's association, to Mayor Thompson and Fire Chief O'Conner.

BARRACKS BLOWN UP

Skibbereen, County Cork, Ireland, April 1.—The police barracks at Dorrus, outside Bantry, County Cork, is partly in ruins, and two policemen are near death as a result of a deadly attack by a mob of more than 100 armed men, who tried to blow up the building with petrol bombs yesterday.

After exploding the bombs, the raiders stood off and shot at the policemen as they rushed out of the building. The police answered with rifle fire and after a fierce fight the raiders were driven off. It is believed a number of them were injured.

ENGINE HITS TRUCK

Employe Who Raised Gate at Request of Chauffeur Held by Police

Washington, April 1.—Two men are dead and one is probably fatally injured, as result of a collision between an automobile truck of the Washington Sand and Gravel Company, of Bladensburg, Md., and a locomotive of the Baltimore and Ohio Railroad Company, at Langdon, D. C., yesterday afternoon.

Boardman W. Manning, 23 years old, driver of the truck, and Lester B. Whiting, 25 years old, of Baltimore, are dead. William Taylor, 25 years old, also of Baltimore, is at Casualty Hospital, seriously injured. His recovery is doubtful. Taylor and Whiting were occupants of the truck.

Hiram Marshall Gibson, of Beltsville, Md., gatekeeper at the Langdon crossing, is held at the Ninth Precinct station for investigation.

DRUNKS IN COURT

New York, April 1.—Does drunkenness increase under prohibition?

In March, 1919, there were twenty four convictions for drunkenness in the West Side Magistrate's Court. National prohibition went into effect January 16, 1920.

In March, 1920, there were thirty convictions for being intoxicated, an increase of 25 per cent over last year.

Magistrates have been assured by several prisoners that the only effect of prohibition has been the increase of the price of liquor.

CUTS CHILDREN'S THROATS

Elk City, Okla., April 1.—Mrs. E. J. Bowart, despondent and in ill health, cut the throats of her five children, and then slashed her own throat here yesterday.

The five children, ranging from 4 months to 6 years, are dead. Mrs. Bowart is in the hospital here, unconscious from the loss of blood. Her condition is serious.

REFUSES TO CALL VOTE

Dover, Del., April 1.—At the opening of the session of the legislature at 2 o'clock yesterday afternoon an attempt was made in the house to put the question of ratification of suffrage to a vote, but Representative Hart, its sponsor, suddenly changed his mind and refused to call it up. Five minutes before he had announced he "was tired of fooling" and would call a vote today. Several members accused him of yielding to "outside influences."

The general view is that the suffragists found they lacked many votes of a majority and are sparring for time. Governor Townsend's offer to withdraw as candidate for delegate to the national Republican convention has not yet been accepted.

Jackson, Miss., April 1.—The Mississippi house of representatives yesterday refused to ratify the Federal suffrage amendment. The vote was 94 against to 23 for.

Mississippi thus lost its chance to be the thirty-sixth State to ratify. The senate Monday adopted the resolution.

Suffrage leaders forced a vote after several friends of the measure had hastened here, following the action of the senate, Monday in reversing its previous vote.

There was prolonged cheering in the house when the vote was announced.

Suffrage supporters lost two votes over the number secured a month ago, when the house defeated the measure, 106 to 25.
